### Sac Metro Air District's New Proposal for Greenhouse Gas Thresholds of Significance

Sac Metro Air District staff invites lead agencies, developers, consultants, and interested parties to hear about the new proposal for greenhouse gas (GHG) thresholds of significance for operational emissions from land development projects. GHG thresholds assist lead agencies that do not have their own thresholds or climate action plan for project analysis to comply with the California Environmental Quality Act (CEQA).

December 9, 2019  
10:30 a.m.  
777 12<sup>th</sup> Street, 3<sup>rd</sup> Floor  
Sacramento, CA 95814

Once draft materials are available, they will be posted on the Sac Metro Air District's website:  
<http://www.airquality.org/Businesses/CEQA-Land-Use-Planning/CEQA-Guidance-Tools>
