**RE: Endorsement of the Sutter Elk Grove Air Quality Mitigation Plan (submitted 11/6/08);
SMAQMD# SAC200701171**

Dear Ms. Murphy:

Thank you for the opportunity to cooperatively work with you and the proponents on the above referenced Air Quality Mitigation Plan (AQMP) which meets a 16.625 emission reduction points out of a required 15 points.

The commitment represented by many of the measures in this plan to make the project the best it can be is commendable. As the project comes to fruition over time and implementation of the measures becomes a reality our region's vehicle miles traveled and by extension our air quality will benefit.

We look forward to working with you again in the future and if at any time we can be of further assistance please contact me at (916) 874-4883 or cmcghee@airquality.org.

Sincerely,

Charlene McGhee
Associate Air Quality Planner/Analyst
