

# Sacramento Clean Cities

## Plug-in Hybrid Workshop

March 7 , 2007

# Sacramento Clean Cities

- Formed in 1993 & Serving the Greater Sacramento Region
  - Major stakeholders: PG&E, SMAQMD, SMUD
  - Over 40 other public & private members
- Mission:
  - Improve air quality
  - Reduce petroleum dependence
  - Promote the use of alternative fuels and energy efficient technologies
- We Accomplish This Primarily By Conducting Public Workshops

# Upcoming Workshops

- Regulations Affecting Fleets – June 21, 2007 at KVIE
  - Existing Rules: MUV Rule, Portable Equipment Rules
  - New Rules: Private Fleet Rule, Off-road Mobile Equipment Rule
- Incentives Programs for Alternative Fuel Vehicles and Alternative Fuel Infrastructure – September, 2007
- Future Engines and Future Fuels – November, 2007
  - Ceramic blocks, electronic valve trains, variable compression ratios, HCCI diesel engines, SCR for NOx control, etc.
  - Where will fuels be in the next 5 – 10 years? Low carbon fuel mandates, renewable fuels, synthetic fuels

# Coalition's Plug-in Partners

- The Coalition currently has 5 members who have signed up as Plug-in Partners
  - City of Sacramento
  - PG&E
  - Sacramento Air District
  - SMUD
  - State of California
- The coalition's board recently approved the coalition joining
- Several other members have indicated that they are planning to join
