

**Mission**

*What do we want? ... South Sac Clean Air!!*

**The AB617 Steering Committee in South Sacramento Florin Community will complete the following by 2025:**

- ✓ Provide guidance and recommendations on Community Air Protection Program.
  - ✓ Serve as liaison between the District and the community.
  - ✓ Assist District staff in public outreach activities.
- ✓ Prepare for and attend regularly scheduled Steering Committee meetings.
- ✓ Establish subcommittees and/or ad-hoc committees to achieve vision.

Goals		
<p><b>Goal#1:</b>  <i>Create an Emissions Reduction Action Plan that identifies emissions reduction-related strategies (transportation, land use, regulatory, etc...)</i>  <i>Determine how the SC can best use the information about community sources of air pollution, public health data, and emission reduction goals.</i></p>	<p><b>Goal #2</b>  <i>Expand outreach &amp; engagement and create partnerships with community partners, residents, local governments, and Air District experts.</i></p>	<p><b>Goal#3</b>  <i>What other goals do we have that aren't listed?</i></p>

<b>Recap Exercise</b>	
<b>PAST</b>	<b>FUTURE</b>
<p>What have we accomplished?</p> <ul style="list-style-type: none"> <li>• Learned more about air quality impacts.</li> <li>• Webpage!</li> <li>• Built relationships with District, community, and businesses (organizations)</li> <li>• Helped start an air monitoring plan for South Sac</li> <li>• Started community outreach.</li> <li>• Developed a charter.</li> <li>• District – incentive program</li> <li>• Steering Committee team building</li> <li>• Using a budget</li> <li>• Establish partnerships with YES groups.</li> <li>• Determined high-risk areas in the community</li> <li>• Had a previous visioning meeting (2022)</li> <li>• Help District learn to work better with community</li> <li>• Community Air Monitoring Program (CAMP)</li> </ul>	<p>What will we accomplish?</p> <ul style="list-style-type: none"> <li>• Indoor air monitoring to get indoor air filtration systems.</li> <li>• Work towards participatory budgeting</li> <li>• Community Emission Reduction Plan (CERP)</li> </ul>

**GOAL #1**

*Create an Emissions Reduction Action Plan that identifies emissions reduction-related strategies (transportation, land use, regulatory, etc...) Determine how the SC can best use the information about community sources of air pollution, public health data, and emission reduction goals.*

<b>Activities needed to achieve goal</b>	<b>Info needed to achieve goal</b>	<b>SC Roles</b>	<b>Deadline</b>
<ul style="list-style-type: none"> <li>• (1) Learn more about the different types of emission reduction strategies completed by other communities – From BAAQMD</li> <li>• (2) Talk at school community events on impacts and improvement of air quality (incentives)</li> <li>• (3) What exists within SAC EJ efforts, funding, and partnerships we can join?</li> <li>• (4) Advocacy to legislature/Board of Supervisors, City Council</li> <li>• (5) Complete Air Monitoring (phase 3)</li> <li>• (6) Tell data/info in an applicable way</li> <li>• (7) Way redivert diesel trucks (bypass)</li> <li>• (8) No burn day education</li> <li>• (9) Collect info from different community groups on barriers to safely and effectively getting to different places in the community (school, work, food, etc.) – From BAAQMD</li> </ul>	<ul style="list-style-type: none"> <li>• Budget to work with or within</li> <li>• Health data from CalEnvironScreen</li> <li>• Data from monitor</li> <li>• Learn more about creating your own incentive project through the CERP program under CARB blueprint</li> <li>• Data/info to use in an applicable way.</li> <li>• Learn options/strategies from government agencies, what do they do for air quality?</li> </ul>		

<b>GOAL #2</b> <i>Expand outreach &amp; engagement and create partnerships with community partners, residents, local governments, and Air District experts.</i>			
<b>Activities needed to achieve goal</b>	<b>Info needed to achieve goal</b>	<b>SC Roles</b>	<b>Deadline</b>
<ul style="list-style-type: none"> <li>• (1) Develop a public education and information campaign, including the convening of community groups and a door-knocking campaign,</li> <li>• (2) Include art in outreach/ community mural</li> <li>• (3) Blow up webpage through social media with info on data and community actions regionally and locally</li> <li>• (4) Attend community events</li> </ul>	<ul style="list-style-type: none"> <li>• A readable chart/graph of Phase I monitors over the last 3 years with fire season included.</li> <li>• Who can partner?</li> <li>• How to engage residents</li> </ul>		

<b>GOAL #3</b>			
<i>What other goals do we have that aren't listed?</i>			
<b>Activities needed to achieve goal</b>	<b>Info needed to achieve goal</b>	<b>SC Roles</b>	<b>Deadline</b>
<ul style="list-style-type: none"> <li>• (1) Find additional funding opportunities o how do we do this                             <ul style="list-style-type: none"> <li>○ Make a path of our own with partners.</li> </ul> </li> <li>• (2) Money, funding, etc.</li> <li>• (3) Fundraiser</li> <li>• (4) Recreate new member application process</li> </ul>	<ul style="list-style-type: none"> <li>• SB 628 (<a href="#">link</a>)</li> <li>• Capital Region Creative Coops May 1 (<a href="#">link</a>)</li> </ul>		

Roles	
Name	Role
Vincent	CERP Lead
Rhonda/Tido	Community Outreach Lead
Stephanie	Finance Lead
Richard	Membership Lead
Bill/Pat	Political Outreach Lead

**Next Steps:**

- Sac Air: Update schedule and calendar
  - Send meeting reminders on day of
  - Send meeting invite.
- Kearns & West: collate info for Sac Air
- Sac Air: Share information to Steering Committee

<b>Idea Pool from Air District</b>	
<b>Goal 2</b>	<b>Goal 3</b>
<ul style="list-style-type: none"> <li>• Learn more about the different types of emission reduction strategies completed by other communities.</li> <li>• Learn more about the different types of land use strategies to mitigate pollution near the highway.</li> <li>• Learn about different types of incentive programs that are available.</li> <li>• Learn more about how to create your own incentive project through the CERP program under the CARB blueprint.</li> <li>• collect information from different community groups on barriers to safely and effectively getting to different places in the community (school, work, food, etc.).</li> <li>• Learn more about how land use decisions impact emissions and public health.</li> </ul>	<ul style="list-style-type: none"> <li>• Attend city council and county supervisor meetings and present on AB617 work.</li> <li>• Invite local agencies (SACOG, SMUD, Sac RT, PG&amp;E, etc.) to attend a public AB 617 meeting to learn about community concerns and help identify opportunities.</li> </ul>
